

EADV Leadership Development Programme
[CALL FOR APPLICATION OPEN](#)

Dear Presidents of the Dermatology-Venereology National Societies,
Dear Esteemed Colleagues,

Our future leaders will help shape the future of dermatology and venereology for decades to come. Following two successful editions with almost 60 enthusiastic participants, we are proud to announce that applications are open for the 2022-2023 Leadership Development Programme.

The programme offers the unique opportunity to develop the emotional intelligence skills that differentiate a successful leader: the ability to motivate yourself, to engage others in a shared vision, to resolve conflicts and to influence decisions. Now more than ever we realise the importance of equipping our future leaders to navigate challenging and rapidly-changing times.

The EADV Leadership Development Programme, based on the principles of Emotional Intelligence outlined by Daniel Goleman, is built upon collaboration between Beyond Emotional Intelligence, experts in leadership development and the EADV Executive Committee.

The programme includes both online and in-person modules:

- Preparatory assessment (ESCI) and post-ESCI assessment to provide a baseline for participants to understand their own Emotional Intelligence and a follow-up view of their progress
- 12-week online facilitated training on a dedicated platform
- Two residencies of 3 days each: in-person, full-time sessions
- Six 1-hour individual coaching sessions for each participant (online)

Information on how to apply, selection criteria and full structure of the programme can be found on [our website](#). Please also check the attached PDF for a complete overview of the programme.

We are looking for applicants who are passionate about their role in the medical community and want to achieve the next level of effectiveness in leading individuals, teams and large groups in a multicultural context.

Candidates must have at least 5 years of experience in academic or clinic medicine after completion of residency or specialisation in dermatology-venereology.

Please help us by promoting the Initiative among your members; we would really appreciate if you could encourage ideal and motivated candidates to apply (candidates must be EADV Members, and the application is possible through this link [Become a Member](#)).

Deadline for applications is 26 June 2022 and the programme will start in Autumn 2022 with a cohort of 30 dermatologists-venereologists.

We thank you for your cooperation and send you our warmest regards,

On behalf of the EADV Executive Committee

Prof. Alexander Stratigos
President

Prof. Carle Paul
Immediate Past-President
and promotor of the LDP
